

Daily Schedules

- Shows the activities within a day
- These connect activity sequences together
- Help students to know what is happening ahead of time
- Can be used to teach students to wait and cope with transition
- Students need to be prepared to cope with change in a routine
- 'There's a change' card can be used when the normal routine changes
-  This symbol placed over the visual of an activity in a sequence means the predicted activity is not going to occur
- The concept of finished needs to be understood.

CLICK for link to information on teaching Finishing

An activity sequence may occur as follows:

- Display sequence on students desk or where they can see it
- Make sure it is a suitable size for individual students,
- Remember to keep drawing students attention to it as they progress through the sequence

Example: Monday

Story time

Desk work

Painting

Recess

etc

Monday
M 

Music

Writing

Concert

Numbers
 $3 + 2 = 14$
